Join The Home Depot Team for the

**13th ANNUAL
SPORTING CLAYS SHOOT**

In Support of Breast Cancer Research

August 16-17, 2023

Highlands Sporting Clays
Every target hit is a win!

Dear Sports Enthusiast,

The Home Depot team, along with Northern Division leadership, takes great pleasure in welcoming you to the 13th Annual Clays for the Cure event. We are looking forward to seeing all those who are returning, and even more excited to welcome new participants. Due to the competitive spirit, camaraderie, and generosity demonstrated in 2022, we were able to hit our largest target for breast cancer research! Clays for the Cure 2022 raised \$131,000, thanks to you! Scheduled to participate this year is Hall of Famer Class of 2021 inductee Alan Faneca.

Clays impact on breast cancer treatment across the country is amazing. Researchers were able to receive a \$3 million grant from the National Institutes of Health from seed funding GOH provided from the Clay's event. We have committed \$100,000 to a vaccine trial that could impact 60,000 lives along with an additional \$75,000 for integrated oncology services for all breast cancer patients and \$90,000 for a metastatic breast cancer trial.

It has been a tremendous year for research thanks to The Home Depot and all of you. The proceeds from the 2022 Clays for the Cure event supported metastatic breast cancer research. With the generous support of the Glimmer of Hope Foundation, Magee-Women's Research Institute and UPMC Hillman Cancer Center we are now examining a new and novel technology for monitoring and understanding breast cancer from a blood draw, also known as a 'liquid biopsy'. This new study is setting protocol in research that will now impact the entire United States. Your support has made all of this possible and we are very grateful.

A Glimmer of Hope Foundation is transforming medicine locally in Pittsburgh but the impact is happening beyond the city lines. A Glimmer of Hope Foundation's aim is to provide services, programs, research, and technology that prevents breast cancer from advancing. That is why they created The Glimmer of Hope Metastatic Breast Cancer Center in October 2020 at the Allegheny Health Network. Metastatic breast cancer is the most advanced stage of cancer and this center is crucial in helping this fragile population.

Once again, we have received great feedback from previous events encouraging us to make this another two-day event. We will be hosting a dinner on Wednesday evening, with the clays shoot to take place on Thursday. We will be holding only one flight this year with spots limited to 120 shooters. Please understand it will be first come, first placed! For anyone arriving early on Wednesday and looking for something to do, you may want to take advantage of the many amenities Seven Springs has to offer. If you need help scheduling an activity, please contact a Seven Springs concierge at 800-452-2223, ext. 5000. The Home Depot and A Glimmer of Hope Foundation would like to thank you in advance for your continued support for such a worthy cause!

SPONSORSHIP OPPORTUNITIES

PLATINUM: \$6500

- Two teams of four participants
- Surprise Gift
- \$300 of raffle tickets
- Inclusion in all pre-event advertising, promotion and event program
- Prominent on-site signage, to include a banner at event
